**Justification:**

In accordance with the provisions of Section 39(4) of the Act, the Commission evaluated the bids before assessing the bids. After evaluating the bids, the Commission assessed the fulfilment of the conditions for participation in the tender procedure only for the participant whose bid was assessed as the most advantageous..

The offers were evaluated according to their economic advantage. The economic advantage of the offers was evaluated according to the lowest offer price. The offer price that was the lowest among all the evaluated offers was evaluated best.

When evaluating the bid price, the decisive factor was its total amount in CZK excluding VAT for the entire subject of the public contract performance specified in the draft contract (Article VII. Paragraph 1 of the Invitation to Submit a Bid including the tender documentation). The order of the bids was compiled in ascending order from the lowest to the highest bid price.

### **Bid evaluation result**

In accordance with the chosen evaluation criteria, the committee established the following ranking::

<b>Rank</b>	<b>Offer No.</b>	<b>Name/business name/legal form of the participant</b>	<b>Registered Office</b>	<b>Company ID</b>	<b>Offer price excluding VAT</b>
1.	2	DATERA s.r.o.	Hadovitá 962/10, Michle, 141 00 Praha 4	24804932	CZK 2.890.000,-

3.	3	ID Quantique SA	Rue Eugene-MARZIANO 25, 1227 Les Acacias, Switzerland	CHE-109.370.975	CZK 3.185.389,-
