Dear Sir/Madam,

the Contracting Authority, in accordance with the provisions of Part III of the Procurement Documents and pursuant to Section 98 of Act No. 134/2016 Coll., on Public Procurement, as amended (hereinafter referred to as the “**Act**”), hereby provides this explanation of the Procurement Documents.

The explanation of the Procurement Documents is provided by the Contracting Authority in the same manner as the Procurement Documents for the public contract was provided, i.e., by publication on the Contracting Authority’s profile.

Request for clarification of the Procurement Documents dated 16 December 2025

Question:

Hello Mrs. Burdová,

XXX *(note: the wording of the request for clarification of the Procurement Documents was modified before its publication. The modification consisted of removing a part of the text that was not relevant to the explanation of the Procurement Documents provided by the Contracting Authority. This adjustment does not affect the content or meaning of the inquirer’s request or the explanation given).*

I only have a short question regarding the submission of the documents. I am now able to log in to the E-ZAK system using my own email address. As I understand it, I should be able to upload the documents myself, as long as they are properly signed by our Managing Director, XXX *(note: personal data of the individual has been omitted).*

Could you please confirm that it is not required for the signing person to perform the upload personally? Otherwise, XXX *(note: personal data of the individual has been omitted)* would need to register for the portal.

Answer:

The Contracting Authority confirms that the tender, or individual documents forming the tender, may be submitted on behalf of the contractor via the E-ZAK electronic tool (uploaded to the system) by another authorized person; it does not have to be personally the statutory representative of the company who signs the tender or the documents.

In Ostrava on the date of electronic signature
